

# SNAP FIT & EAR CLAMPS

## Herbie Clip® Plastic (Nylon) Hose Clamp – Double Grip

Manufactured by HCL, the Herbie Clip® is the original Double Grip plastic hose clip. It is a quick and easy to install nylon hose clamp with exceptional strength arising from its unique double row of interlocking toothed jaws. The double row of teeth offers over twice the clamping force achieved by similar products with only a single row of teeth. No other nylon hose clamps can rival the Herbie Clip in terms of overall strength and performance. Temperature range: Nylon 6.6 -40°C to 170°C, PP -40°C to 90°C.
