WHAT'S IN THE BOX

Intermediate Pipe

A full 409 Grade Stainless Steel intermediate pipe has been designed to fit up to the existing OE ball joint clamp at the back of the cats. From the formed end a single 3" pipe enters a full stainless steel braided flexible bellow into a pressed Y-Piece which separates the flow early into twin 3" pipes.

Muffler Assembly

The twin 3" pipes then flow into a specially designed sports chambered muffler to produce the deep rumble the Silverado 1500 deserves.

Over Axle Assembly

Efficient selection of 2.75" over axle pipes allows the exhaust gasses to flow through the system at the same rate, improving performance and sound. A single over axle section coupled with a LHS extension pipe bolts to the rear of the muffler assembly with only 4 bolts. Solid 12mm hangers and laser cut braces are used to ensure durability and fitment ease.

Tailpipes

The same 2.75" Mandrel Bent 409 Stainless tailpipes exit the over axle assembly and locate into the factory exhaust finishers. For added adjustment and ease of fitment, the tailpipes are secured into the flared sections by using Stainless Steel clamps and adjustable rear hangers.

Full Fitting Kit

As with all Outlaw Performance Exhaust kits, our CHEV01SS system is supplied with high quality fasteners, gaskets and clamps. A full range of accessories for all vehicles can also be purchased separately by contacting one of our distributors nationwide.

* Fitment and design confirmed on Walkinshaw converted Silverado 1500 vehicle only. Whilst all efforts have been made to ensure fitment accuracy based on the data available to Mercury Mufflers, certain generations and factory/aftermarket components may result in the modification of the supplied Exhaust upgrade. Mercury Mufflers do not take responsibility for additional charges that may be required in the event of these circumstances. The 5-year warranty provided on Outlaw Exhaust systems covers only the supplied product at time of purchase. Modifications, penalties, or damage caused from fitment is not covered under our warranty conditions.
