Made in a ISO9001, 14001 & 18001 factory

Dip Switch Settings 4 and 8

Specially designed channel to accommodate top out let pipe

All our tanks are marked CE and OFTEC approved

BENEFITS

Enhances your overall heating system.

Due to the robust nature and durability of our integrally bonded tank the EcoSafe range promises to help safeguard your property value against potential oil spills or ground contamination.

Remote oil level monitor reduces the possibility of running out of oil.

Increased security due to lockable lid protecting your fuel.

Watchman Alarm - receiver monitors the level of oil from inside the premises and provides both a sudden drop alarm and low level alert feature.

No need for external site gauges to monitor fuel level, which eliminates a potential leak point.

The EcoSafe range helps eliminate oil spills which can contaminate land and reduce your property value … FACT!
