Born in Birmingham in 2012, Yorks is built on a foundation of food-loving passionate people, defining itself as an all-day dining restaurant, café and social space. Our stripped back use of raw wood, metals and concrete in our cafes is a reflection of the stripped back, soulful food we love to serve.

Our food is about vibrancy and bold flavours, inspired by our love and passion for the food of North Africa, the Eastern Mediterranean and the Far East.

Recognised as one of the top brunch destinations in the country by both the Sunday Times and the Observer, we’re continuing to push boundaries, experimenting with new menu concepts and, since 2016, roasting our own speciality coffee in-house at Our Stephenson Street cafe in the heart of Birmingham.

Please inform your server if any member of your party has a food allergy. For freshness and quality, your food will be served as it’s prepared. Vegan (ve), Vegan alternative available (ve-a), Vegetarian (v)
