

The Party Panama is the latest evolution of the Zomodo Panama Prep-Stations. The stainless-steel sink is thermally insulated and kitted with an ice bucket, a double bottle holder, and 2 Fibre-Rock® covers/boards, this Party Panama is the perfect centrepiece for home cocktail parties. Extra bottle holders can be added to fit up to 6 bottles.

The Fibre-Rock® covers can double as stylish serving platters for those all-important cocktail hors d'oeuvres, and be used as cutting boards, which are knife-friendly, anti-bacterial and odour resistant. When not being used, the ice bucket and bottle holders can be stored inside the sink and the sink covers fitted.

Sink Drawing:

The Party Panama has a thermal insulation wrap around the sink, to keep your drinks & ice cold, whilst eliminating condensation within the cabinet. The thermal insulation wrap is waterproof and flame retardant.

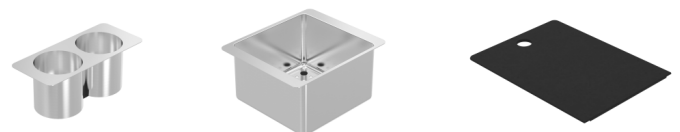

PRC620K
