PRODUCT CATALOGUE

Australian owned and established in 1988, Survival prides itself on superior quality and continual innovation to provide the most responsive first aid solutions for every home, workplace and vehicle in Australia and around the globe

sales@survival.net.au

THE SURVIVAL DIFFERENCE

Quality first aid products

Our First aid KITS are coated in 600D Oxford polyester, which is durable and water resistant. Made with strong zippers, double stitched handles, belt loops and velcro panels allow for easy attachment, and reflective piping for efficient location at night. The outer kit can be wiped down with disinfectant liquid.

Leading first aid design and layout

Designed in Australia by leading first aid experts, the colour-coded labelling system in all first aid KITS enables you to clearly identify first aid contents and explains the typical use for each item.

Easy refill and restock

Refill and restock your first aid supplies without needing to replace your entire kit. Buy your most popular first aid items individually or grab a handy restock pack. Convenient and affordable first aid for every emergency.

Custom first aid kits

Customising first aid kits to feature your company logo or business branding, shows that safety is your top priority and creates an ideal corporate gift for clients, staff, colleagues and customers.

iFirstAid - Our gift to you

A free resource for iOS and Android devices, iFirstAid gives you first aid information and procedures, emergency travel numbers and immunisation records at your finger tips.

WHAT'S SO SPECIAL ABOUT A SURVIVAL FIRST AID KIT?

- 1 Colour coded sections to respond fast
- 2 Numbered labelling system for easy restock
- 3 Heavy duty fixings and zippers
- 4 Molle attachment system

- 5 Glow-in-the-dark outer piping
- 6 QR codes for easy restock and iFirstAid app
- 7 Water resistant 600D Oxford polyester
- 8 Personal space to add your own items

WHICH FIRST AID KIT DO I NEED FOR MY Workplace?

Survival Emergency Solutions ("Survival") have designed a range of first aid KITs to suit workplaces and their varying levels of risk. If you are a workplace, you need to meet the requirements set out in Safe Work Australia's Code of Practice First Aid in the Workplace (May 2018). Survival actively seeks to reduce the choice confusion created around which first aid kit is suitable for your workplace by unpacking what the Code of Practice sets out.

SURVIVAL HANDY FIRST AID KIT

The SURVIVAL Handy First Aid KIT is a small but serious first aid KIT -- easy to carry, pack and store – allowing you to respond to any kind of emergency.

Key Features:

- Weighs just under 500 grams
- Includes a lightweight, compact emergency blanket that can be used to treat shock and hypothermia.
- The colour-coded labelling system also enables you to clearly identify first aid contents and explains the typical use for each item.
