Step 1
Section the hair using an
even parting and work at
the front applying Color 1
into mid-lengths.

Step 2
Continue the application
throughout the rest area in
the front sections.

Step 3
Move onto the back and
apply Color 2 over the
roots.

Step 4
Continue the application of
Color 2 until the ends are
covered.

Step 5
Refresh the mid-lengths
and ends before styling
rather than with the
application at the back of the
head, alternating between
Color 1 and Color 2 on the
mid-lengths and ends.

Step 6
To achieve a seamless blend,
add Color 2 & 4 with Color
1 & 3 on the roots using your
finger. Leave to develop for
20 minutes.

SERVICE
Recreate a 100% ammonia
free dual application
service.

Up to 100% white hair coverage on
the roots with IGORA ZERO AMM
and a muted tone transition on
pre-lightened mid-lengths and ends
with IGORA VIBRANCE.

HOW TO USE

- Mixing ratio 1:1 (for Highlights 1:2)
- Use with IGORA ROYAL Ox
Developer 3% (10 Vol.), 6% (20 Vol.), 9% (30 Vol.).

"This technique is super
versatile; switching up the
palette can really change
the outcome. Go for
complementary tones for a
natural feel or contrasting
tones for impact."
