

 Warm White (3000K) Cold White (5000K)**Product Name**

TL0217300----- : 7.2W 3000K - 1 Meter

TL0217400----- : 7.2W 4000K - 1 Meter

TL0217500----- : 7.2W 5000K - 1 Meter

**Product Specification**

Voltage: 24V DC

Number of LED (7.2W): 90 per meter

Lumen (3000K/4000K/5000K) : 540lm - 600lm

IP Rating : IP68

LED Type : SMD 3528

Dimension : 100cm (Length) 0.8cm (Width)

Included: Silicone clips for installation

Lifespan: 50,000hrs

Environmental Operating Temp: -30°C - 75°C

Dimmable: Yes

**Product Features**

Able to use multiple units on the same driver

Cutttable and Bridgeable

Maintenance Free

Silent Operation

Instant On

Excellent for hot and cold weather applications

Environmentally friendly

No UV or IR Radiation

Extensive range of applications
