

made from scratch

♥ 100% Natural

Silverland Bakery began over 30 years ago as one of the first commercial bakers of brownies. Since 1983, Athena Uslander, our founder, a former structural engineer, has handcrafted brownies, old-fashioned bakery bars, cookies, crispy rice treats, natural food bars and customized products for wholesale customers as well as direct to the consumer. Recipes, developed by Athena, are handmade in small batches with locally sourced, high quality, all-natural ingredients that are preservative and trans fat-free. Our family business strives to be a recognized brand known to consumers, food service and retailers for making the ultimate all-natural desserts crafted by heart and hand.

Meet the original brownie that launched our sweet success! Award-winning, ♥ 100% natural Double Chocolate. Our #1 seller!

Unlike most commercial brownies containing cocoa powder, Athena melts pure, 100% dark chocolate liquor and folds in a layer of semi-dark chocolate chips creating brownies that are rich, deep, and intensely chocolate.

“If you want the best, you start with the best ingredients and you never compromise taste.”
