SPRING CLEANING

Quilt Storage

1 Take a good look at your quilt and give it some TLC if you spot any stains or marks - a gentle spot clean should do the trick.

2 Time for some fresh air and a bit of a cleanup! You can either air it out, give it a gentle vacuum, or pop it in the wash.
Pro Tip: remember those color catchers to keep everything looking vibrant!

3 Once it's clean, make sure it's completely dry before you put it away. Nobody likes a musty quilt, right?

4 Now, let's fold it up nicely. No need for origami skills, just a neat fold will do.

5 Find the perfect container to keep it safe and sound until you need it again.

6 Lastly, find a cozy spot for your quilt to hang out during the warmer months. Somewhere cool and shady is ideal to keep it in tip-top condition!
