

FALLOUT

MUSIC GROUP

Thank you for downloading Fallout Music Group's Shelter Series Booms!

Our Shelter Series has been curated specifically for raising money for various charities, and we appreciate your contribution!

Shelter Series Booms features include:

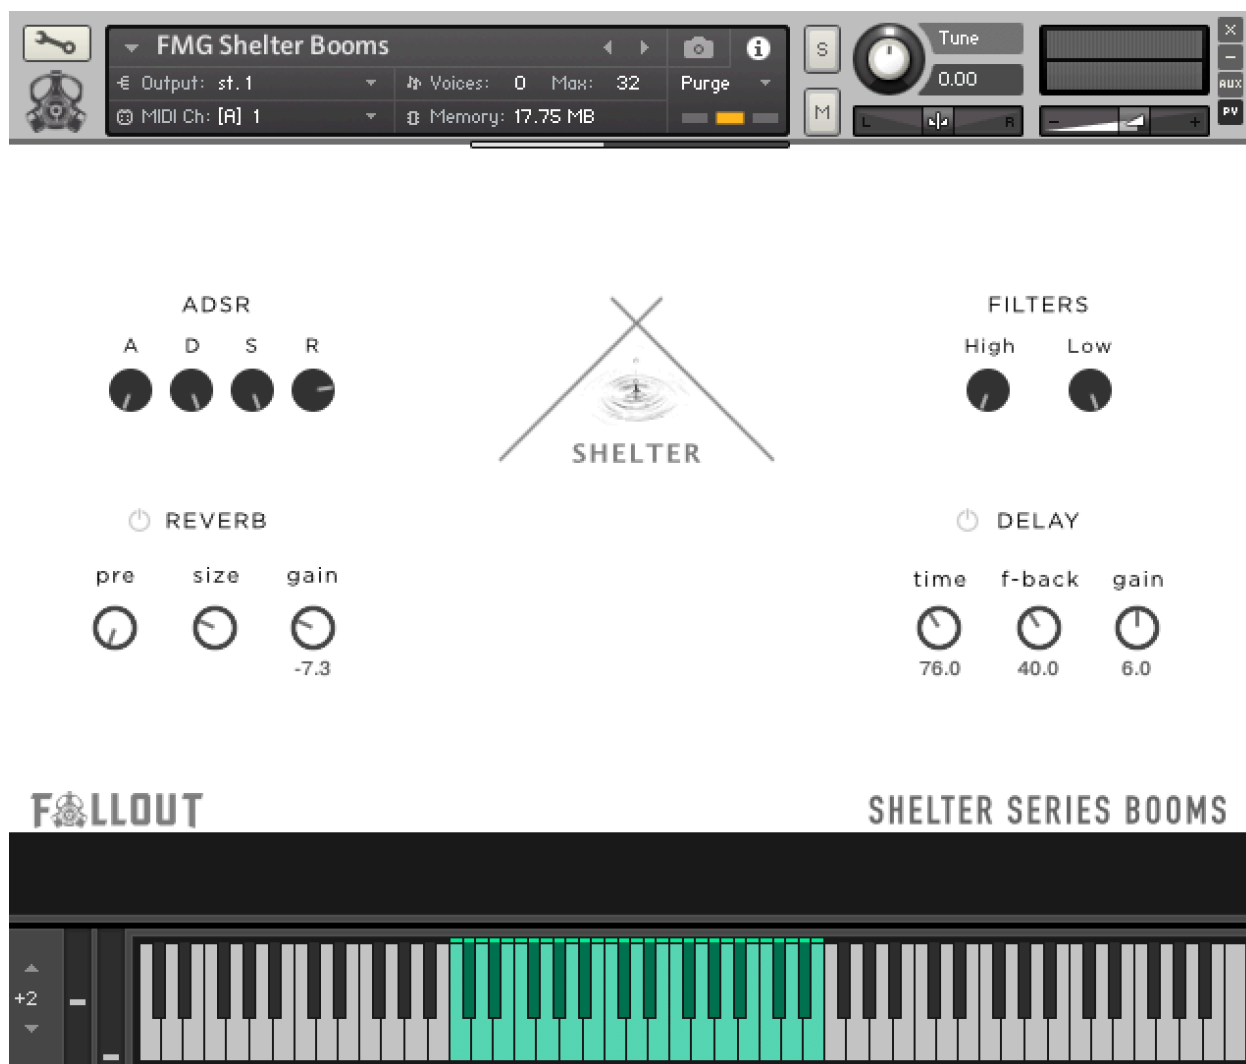

- Nearly 30 different and unique Sub-Boom samples
- Global FX, including high and low pass filters, reverb and delay
- Full ADSR control
- All sources recorded at 24bit, 48k quality

Shelter Series Booms is comprised of mostly new material, but does include a handful of samples from our Trailer Trash and STIX libraries.

We hope you enjoy using this as much as we have enjoyed making it.

The Interface

The interface is simple and easy to use, offering simple playback with global ADSR, Filter and FX.

Global Features:

- Reverb
- Delay
- ADSR
- High & Low Pass Filters
