

North Cabinetry

Our cabinets are manufactured to the same rigorous standards as those produced for Luxor Collection, recognized for its extensive experience and state-of-the-art expertise in the high-end cabinetry industry since 1987. Investing in North Cabinetry for the heart of your home is truly the best way to guarantee your complete satisfaction.

We are proud to be a part of your journey.

CLEANING & CARE

Cabinets

Immediately after installation, wipe up all residual dust and spills. If necessary, use mild soap and water. Do not forget to rinse and dry. Do not allow grease to built up. You must avoid any abrasive type cleaners or pads.

Doors and exposed ends

Clean your doors & exposed ends immediately after installation. Only use a soft damp cloth or sponge with mild soap like dish soap and water mix. Then, dry. You must avoid any abrasive type cleaners or pads.
