The green of **Emak** is an assurance

of **quality, innovation** and **completeness.**

The green of **Emak** is a green produced with **care** and **respect, passion** and **design.**

Gardening, farming and **forestry tools** for **home users** and **professionals.** **Emak** covers all shades of green. With different models to meet each user's needs but all sharing the same **exceptional quality standards** in terms of **performance, reliability, comfort** and **safety.**

Our product range includes over **250 models** designed for all types of activity. Chain saws, brushcutters, lawnmowers, garden tractors, hedgetrimmers, rotary tillers, rotary cultivators, cutterbar mowers, transporters and much more besides, for jobs of varying intensity, power and frequency.

- 4 commercial brands
- 4 production units
- 8 branches (Germany, France, United Kingdom, Spain, Poland, Ukraine, China, Brazil)
- 135 distributors
- 85 countries covered
- 22.000 retail outlets served
- 22 product families

The world's first company in its sector to simultaneously hold **ISO 9001** Quality, **SA 8000** Ethical and **ISO 14001** Environmental accreditation.

A true **Italian passion** for over **50 years.**

There's an **Emak** for everyone

POWERFUL

SOLID

EASY TO USE

BRAND NEW AND DISTINCTIVE DESIGN

We are proud to introduce a new range of chainsaws, for hobby and farmer use, with exclusive design, best in class performances and durable features.

MAIN FEATURES

- **HIGH POWER DELIVERED,**
for a strong working capacity, even in tough conditions.
- **HIGH TORQUE,**
also at low idle, for faster working capacity and in stressful condition.
- **GOOD ACCELERATION,**
for immediate response when power is needed.
- **LOWER WORKING TEMPERATURES,**
to grant higher comfort, safety and engine durability over the time. (1)
- **LOWER VIBRATIONS,**
thanks to the anti-vibration system, for higher working comfort. (2)
- **EASY MACHINE START,**
to activate the machine in no time and be operative in any conditions.
- **LOW FUEL CONSUMPTION,**
for low operating costs.
- **USE OF 2% MIX,**
to grant better engine lubrication and high efficiency.
- **NICKEL PLATED CYLINDER,**
for higher cylinder durability over time, better engine lubrication, better cylinder/piston match. (3)
- **CARBURATION STABILITY,**
granting a smooth functioning of the machine. (4)

TECHNICAL FEATURES

	Home Plus		Home Plus	
	GSH 51	GSH 510*	GSH 56	GSH 560*
DISPLACEMENT	50.9 cm ³		54.5 cm ³	
POWER	3.0 HP (2.2 kW)		3.5 HP (2.6 kW)	
BAR TYPE	Oregon 18"		Oregon 20"	
CHAIN (PITCH)	Oregon .325" and 3/8"		Oregon .325" and 3/8"	
CARBURETTOR	Walbro		Walbro	
PRIMER	yes, Walbro		yes, Walbro	
CHAIN-TENSION SYSTEM	lateral		lateral	
FILTER	nylon		nylon	
FILTER COVER	"no tools" (knob)		"no tools" (knob)	
CRANKCASE	aluminum	magnesium	aluminum	magnesium
DRY WEIGHT (WITHOUT BAR AND CHAIN)	5.2 Kg	5.0 Kg	5.3 Kg	5.1 Kg
SAFETY	EU standards		EU standards	

*Euro 2 version, available for EU market
