LEAF BLOWER 20V - POWDPG7520

This 20V cordless leaf blower is most effective for gathering leaves on the lawn. Being cordless, it gives you the freedom to take it anywhere. On top of that, the POWDPG7520 is light and compact, so it guarantees a high degree of manoeuvrability. You can operate the leaf blower with only one hand so you can take care of large gardens, runways,... with only a minimum of effort. You can also make use of a convenient lock-on button for continuous running.

The leaf blower produces a maximum air speed of 190km/hour and lets the air blow through a large blower tube. This tube is also detachable for compact storage.

Combine with a 20V or 40V DUAL POWER battery. Battery not included.
