Work your way through weeds, tall grass or small shrubs with the versatile Powerplus brush cutter. Perfect for mowing areas a large mower cannot reach.

For better precision, just replace the brush cutter disc with the double threaded spool. With its 430 mm cutting width, you can easily maintain grass edges or hard to reach places.

Thanks to the bike handle and the low vibration levels, you can work efficiently and comfortably. The harness ensures an ergonomic working posture and provides relief for your back and muscles.

This brush cutter comes with 1 spark plug socket, 1 double head screwdriver, 1 double open spanner, 2 hex keys and an empty bottle for mixing petrol.
