POWXG6281

# LAWNMOWER 2000W

This electric lawnmower has an exceptionally strong 2000W motor. It combines this great power with a *Sharpp* blade and a cutting width of 420mm. It is clear, this POWXG6281 will save you much time and energy.

The cutting height can be set at 5 positions between 25 and 80mm. The grass can be gathered in the 40 liter collection box or be mulched to feed the soil. Rear discharge is also possible. A warning system will let you know when the grass collector is full and ready to be emptied. The lawnmower with cable relief can easily be adjusted in height for an optimal working comfort.
