IMPACT DRILL/SCREWDRIVER 20V - POWDP15220

This Dual Power 20V impact drill is ideally suited for screwing, drilling and impact drilling in wood, metal, plastic and masonry. It has a powerful and durable brushless motor, a torque of 65Nm and 25 torque settings. The motor requires little maintenance, it produces less vibrations and it lasts longer.

The POWDP15220 has a drilling capacity of 30mm in wood and 10mm in concrete and steel. The impact function has a low setting with 8000 strokes per minute and a high setting with a whopping 32.000 strokes per minute. While using the screwing function, you can choose the direction of rotation. This way, you can remove old screws easily. Thanks to the two speed settings of 500min⁻¹ and 2000min⁻¹, you can get any job done.

With the auto locking chuck, switching bits can be done swiftly and without using any tools. Thanks to the integrated LED working light, you are able to use the impact drill even in poorly lit areas. The soft grip provides you with the necessary comfort while working.

Combine with a 20V or 2x20V DUAL POWER battery. Battery not included.
