HAMMER DRILL 40V - POWDP1570

This 40V hammer drill produces 5100 strokes per minute and up to 1100 rounds per minute. Therefore, it can be used for every heavy-duty hammer drill job.

Since the motor has a maximum impact force of 3 Joule, this is also the ideal tool for a (lighter) chiseling job.

The cordless versatility provides an incredible freedom and the choice between drilling, hammer drilling, chiseling and chisel rotation.

You can easily pierce stone or concrete with a maximum drill diameter of 26 mm.

The POWDP1570 is designed to fit in your hand. Whereas the soft grip gives a comfortable feeling, the extra handle with depth stop enables you to work with more power and precision at the same time.

A practical LED light illuminates your workspace. The hammer drill comes with a handy case. It contains free space for the battery and charger, and includes 3 drills, 1 pointed and 1 flat chisel.

Combine with a 40V DUAL POWER battery. Battery and charger not included.
