ANGLE GRINDER 40V - POWDP35170

The POWDP35170 40V angle grinder offers plenty of power to cut grooves in walls, deburr or derust metal and to cut tiles or pipes. The powerful brushless motor delivers the necessary cutting and grinding power and has a long lifespan. Additionally, it needs only little maintenance.

The auxiliary handle can be mounted in three different positions. This ensures that left- and right-handed users can both operate the POWDP35170 safely. The safety guard and soft start motor, that increases the rotation speed gradually, ensure the user's safety. With an ergonomic soft grip and lock-on switch, working comfortably is guaranteed.

The Ø125mm disc can be changed easily. Therefore, the angle grinder can be adjusted to every task in the blink of an eye. The spanner to change the grinding discs is stored in the auxiliary handle, so it can't be lost.

DISCOVER THE ENTIRE PRODUCT RANGE AT
WWW.DUAL-POWER.COM

Separate battery and charger

The battery and charger are not included. They are sold separately and are compatible with the whole Dual Power range.

Which Dual Power batter is compatible?

This 40V angle grinder is only compatible with the 2x20V Dual Power batteries.
