

OSLO FEATURES

DESCRIPTION

Portable wireless loudspeaker

GENERAL SPECIFICATIONS

Dimensions Height/Width/Depth	268 mm / 181 mm / 90 mm
Net weight	2.4 kg
Frame	One piece diecast aluminium
Enclosure	Polycarbonate
Grilles	Custom-made Kvadrat textile
Colors	Pebble Grey, Anthracite Grey, Sand Yellow, Ocean Blue, Ice Blue

TECHNICAL FEATURES

Bluetooth 4.0
Powered by Qualcomm® aptX™ audio
AUX 3.5 mm mini-jack
NFC
Lithium Ion battery
Force Balanced Woofers
4 Channel digital pure path amplifier
DSP crossover, optimized for low distortion

DRIVER UNITS

Full Range	2 X 50 mm Vifa driver unit with aluminium cone and neodymium magnet
Woofers	2 X 65 mm Vifa driver units with flat sandwich cone and neodymium magnet. Mounted mechanically back to back in a force balanced configuration supported by 2 passive radiators.
Frequency response	55 Hz – 18 kHz @ +/- 3 dB

POWER CONSUMPTION

Input voltage, wall adaptor	100 Volt – 240 Volt 50/60 Hz 1500mA Max
Input voltage, loudspeaker	18VDC, 2500mA
Standby power consumption	Less than 0.5 watt when battery is fully charged
