NEW ARRIVALS THIS MONTH

---

It's hard to go past white marble for the ultimate in timeless sophistication. The newest additions to our white marble range showcase nature's raw beauty, harmonising both light and dark elements and creating intrigue with its complexity and contrast of colour. A bold statement of luxury, this marble is ideal for kitchen countertops, splash backs, bathrooms or for a striking feature piece and will complement a range of timber hues.

## WHERE THE CITY MEETS THE SEA

---

Reminiscent of its harbour surrounds, nearby port and beachfront promenade, this contemporary kitchen designed by HEWE Architectural Cabinetry embraces a more urban edge, pairing a Neolith New York benchtop with the natural tones and textures of wood to create a sense of city-meets-seaside sophistication.
