

Slump test

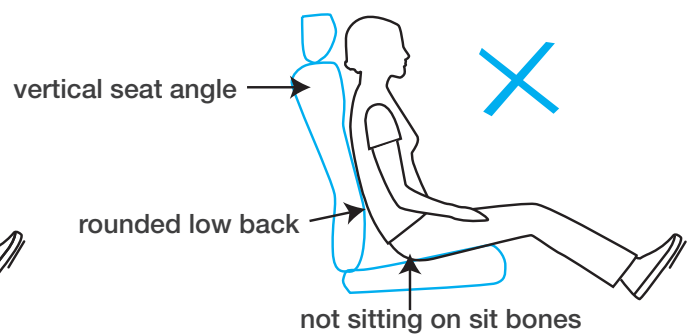

Does your car seat fit you? Take our slump test to answer this question.

IN YOUR CAR, SIT LIKE THE PICTURE ON THE LEFT:

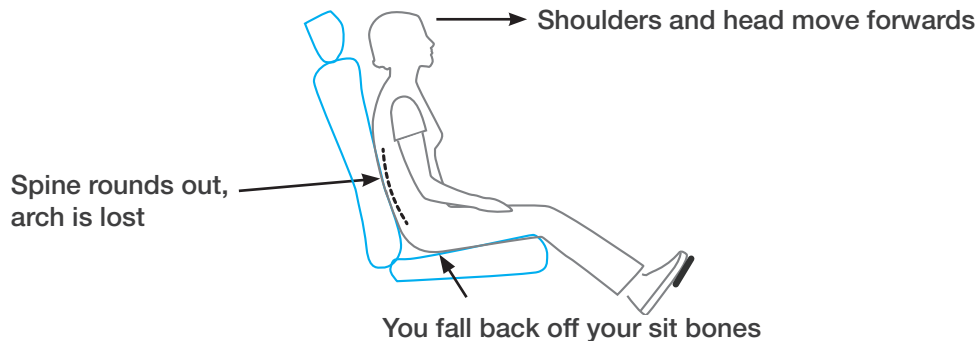

SIT LIKE THIS...

NOT LIKE THIS

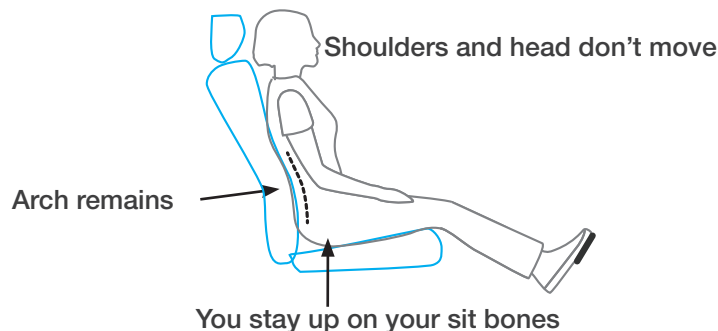

THEN RELAX BACK INTO THE SEAT - WHAT HAPPENS - A OR B?

A

If your spine rounds out when you relax, your seat is not a good fit - you need Morfit.

B

If your spinal arch remains when you relax, your seat is a good, supportive fit.
