

# MICROFIBER DETAIL TOWEL

420 GSM PLUSH DETAILING TOWEL MEASURING IN AT 16" X 16".  
ULTRA SOFT FIBERS = BETTER APPLICATION AND FEWER SWIRLS.  
FOLD IT, FLIP IT, WIPE IT.

**MICROFIBER** towels maximize the application and performance of your Wrap Fresh products. Our towels are constructed with ultra soft 420 GSM microfiber to ensure you don't swirl your wrap or paint. Absorbent fibers deliver more consistent application and polishing to give you a more accurate finish.

## BENEFITS

- Safely apply your favorite detailing products without the risk of scratches and swirls.
- More absorbent than most microfiber towels.
- 420 GSM (grams per square meter) luxurious plush 16" x 16" jumbo towel.
- Deep fibers for better application and polishing.
- Machine washable.

## DIRECTIONS

1. Begin by cleaning your vehicle using Foam Fresh Foaming Shampoo out of direct sunlight.
2. Lightly mist Wrap Fresh or Hydro Fresh directly onto one side of the towel.
3. Apply the product to one panel at a time in long sweeping motions. Do not swirl the towel in circular motions.
4. Flip the towel to the dry side and wipe off any excess product. Enjoy!
