**DISPENSER**  
**HAND SANITIZER GEL**

User Guide

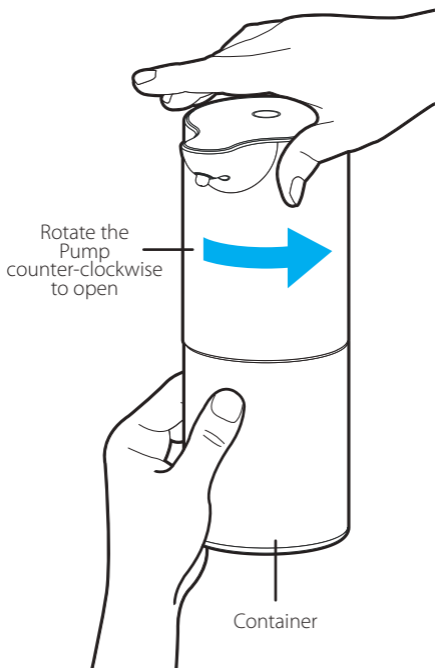

## PRODUCT DETAILS:

1. Power button/ Indicator light
2. Spout
3. Sensor
4. Pump
5. Container
6. Battery compartment

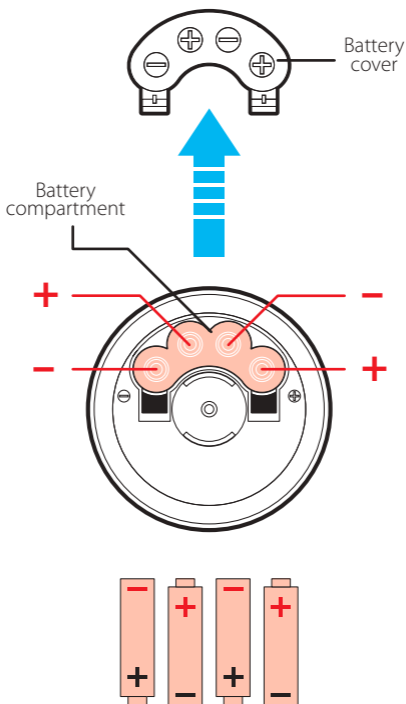

## INSTALLING BATTERIES:

1. Disconnect the pump from the container, as shown below.

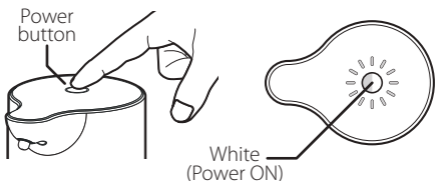

2. Open the battery cover, and insert four AA alkaline batteries (not included).

Make sure to align the batteries as shown above

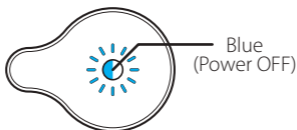

### POWER ON:

Press the Power button, the light will flash white, indicating the dispenser is powered on.

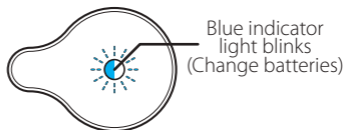

### POWER OFF:

Press the power button, the light will flash blue, indicating the dispenser is powered off.

**Note:** If the indicator light works and the pump fails to operate, please check the polarity of the batteries.

When the indicator light flashes blue, that means the batteries require replacement. Please make sure to replace all four batteries and do not mix old and new batteries as that will affect the pumps performance.

## **USING DIFFERENT HAND SANITIZERS AND SOAPS :**

The dispenser supports most types of hand sanitizers and soaps. Try to avoid using thick dish soaps as they may clog the pump.

Hand Sanitizer

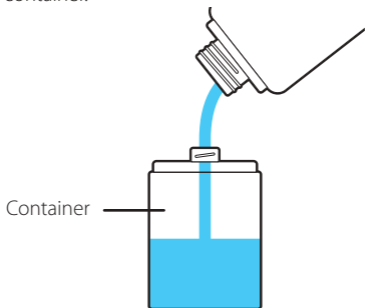

Hand Soap

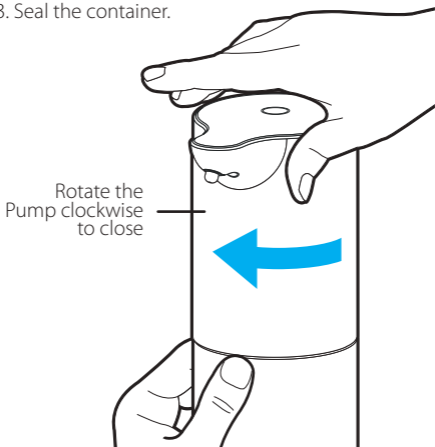

Dish Soap

## FILLING THE CONTAINER:

1. Pour the hand sanitizer or liquid soap into the container.

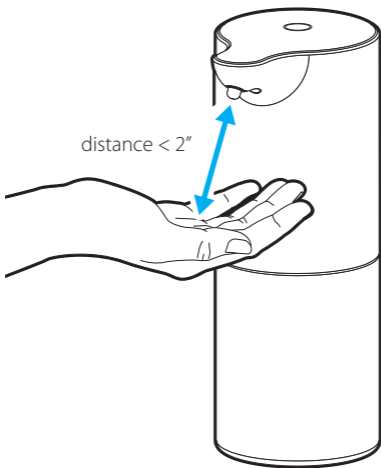

2. Please make sure to avoid getting liquid into the pump's circuitry.
3. Seal the container.

## USING THE DISPENSER:

1. Place your hand about 2" under the sensor as shown below.

2. Wait until all the gel has been dispensed before moving your hand.
