

YCS 100% REINFORCED 15 MIL VAPOR BARRIER

YCS 100% REINFORCED 15 MIL VAPOR BARRIER

YCS-1512100VBW, 15 MIL 12'X100'

YCS-156100VBW, 15 MIL 6'X100'

The material measures to 12' x 100' (folded to 6') or 1,200 sq ft.
YSC 15 mil is also available in half rolls (6' x 100') or 600 sq ft.

The YCS 15 MIL is a 100% reinforced ground or wall vapor barrier, not 10% reinforced like most liners. Additionally, this product will not grow mold. Check out the ASTM-1338-00 and ASTM G-21. This product works well with our YCS Seam Weld, Wall Curtain, Wall Attachment Tape, Seam Tape, and our Magic Adhesive. Our 15 MIL compares with most 20 MIL reinforced vapor barriers, however it is lighter, stronger, and less expensive.

**Pre-rolled for your convenience to protect the liner from dust, dirt or moisture to ensure better tape seams, all while saving labor time and wasted material.*
