WARRANTY INFORMATION

HYDROGEN WARRANTY

Biyork Canada Hydrogen Warranty is given to the original purchaser of our products, and is limited to Biyork Canada Hydrogen products only. This warranty is NOT transferable and may not be claimed by any other than the original purchaser. It is up to the homeowner and/or installer to ensure the correct type, model, collection, and colours delivered to the jobsite prior to installation. The homeowner/installer can do so by comparing it with the "sample" that the floor was selected from to ensure the floor received is the correct flooring and it is acceptable for installation.

Important

Biyork Canada Installation and maintenance guidelines MUST be followed as a condition for this warranty. Failure to comply with the installation, and maintenance parameters is subject to denial of the claim. Biyork will reserve the right to withhold any guarantee. Refer to the Biyork reference manual for installation of flooring materials.

This limited warranty does not cover failures due to abuse, accidental damage or when repairs have been made or attempted by anyone other than Biyork.

5 Years Limited Light Commercial Warranty

The Hydrogen floor also carries a 5 years Light Commercial Warranty, from the original date of purchase, when installed, maintained, cared for in accordance with BIYORK Flooring recommended installation maintenance guidelines, and as well as used under normal household conditions in a dry enclosed commercial building that the surface wear-layer on Hydrogen floors.

Wear Layer:

BIYORK warranty is for the period stated above, that the surface wear-layer on Hydrogen floors shall not wear through under normal use. (Vinyl layer wear-through is defined as 100% vinyl layer wear-through that exposes the core material over a minimum of 3% of the total installation.) Note: This warranty will be voided if any modification or alterations done to the flooring wear layer, such as sanding or abrading.

Manufacturing Defects:

BIYORK Flooring warrant for the period stated in this warranty, that the Hydrogen floors in their original manufactured condition at the time purchased will be free from any manufacturing defects caused by the production.

Waterproofing:

BIYORK Flooring planks are designed to be 100% waterproof, therefore the flooring integrity will not be diminished significantly if exposure to water. Even though Hydrogen flooring planks are 100% waterproof, water can still accumulate in buildings or on building material when water accumulates and is allowed to settle for a while mold and or mildew can occur. BIYORK Flooring Hydrogen floor warranty does NOT cover any damages resulting from mold and/or mildew growth due to prolonged exposure to moisture.

This Warranty does not Cover:

Type, Colour, Shade

- It is up to the homeowner and/or installer to ensure the correct type, model, collection, and colour were delivered to the job site before installation. The homeowner/installer can do so by comparing it with the "sample" that the floor was selected from to ensure the floor received is the correct flooring and it is acceptable for installation. Therefore, this warranty will NOT cover:
- Claims related to incorrect floor type, model, collection or colour once the floor was installed!
- Claims related to colour variations between the flooring and/or samples and other flooring or wood products, which you wish to match (Such as: cabinets, stair railings, trim, etc.).
- Claims related to colour, shade, or texture variations between samples provided and flooring delivered once flooring planks were installed!
- Claims related to differences between colour of samples and the colour of installed floors, and colour variations from board to board.

This warranty will be voided and will not apply if the flooring has not been Installed maintained, cleaned, and or cared for in accordance with our recommended installation and maintenance guide lines.

Job-Site Conditions & Installation Surface Deficiencies

It is the sole responsibility of the homeowner or installer to determine if the job site conditions, environment, installation surface (Sub-Floor) are up to local building codes, are acceptable for Hydrogen Flooring installation, and as well as meeting or exceed the **NWFA (National Wood Flooring Association)** industry standards and regulations. Please make sure to evaluate the job-site for potential problems before wood flooring is delivered and installation begins.

- BIYORK Flooring warranty does not cover any failures resulting from, or related to, job-site environment/condition or subflooring deficiencies.

Installation & Installer Errors

BIYORK Flooring products must be installed in accordance with the BIYORK CANADA Installation Instructions, using the appropriate materials, and accessories that have been recommended or approved by BIYORK. It is also suggested that BIYORK Flooring be installed by experienced flooring professional. A professional installer should be able to provide evidence of past work either via references or show completed work. They will also be knowledgeable in inspections required before, during, and after installing hardwood flooring. If flooring is not installed by a flooring professional; installer assumes any risk of issues arising due to improper installation, and or any issues arising from improper Pre-Post installation inspections. Therefore, this warranty will be voided. If you are not sure of which product to use please contact BIYORK MATERIALS CANADA Wood Floor before installing or using any products or accessories to install the floor.

- Claims related to, or resulting from improper installation or installer errors.
- Claims related to, use of products or accessories that were NOT approved or recommended by BIYORK.
