

HydroGen 7

Go Ahead. Make a Splash.

Introducing our new HydroGen series floors where WaterProof is literally at its core. Whether you choose to install this in your basement, bathroom, or kitchen, HydroGen can handle anything your home throws at it.

Essentially Speaking

HydroGen 7 offers an essential thickness of 7mm, giving the floor great stability, Durability and comfort with our ultra quiet, ultra silent UnderTone pad.

Beauty You Can Feel

From the surface, HydroGen was created to mimic a natural hardwood floor. Our innovative True Touch Texture technology gives you the feeling of natural Wood or Tile while adding a strong protective layer for wear resistance.
