Professional operations

DPI value/lighting color

By default DPI is adjustable in 6 steps by DPI+/- button.

Red (600dpi)	Blue (1200dpi)
Green (2400dpi)	Yellow (3600dpi)
Orange (4800dpi)	Purple (10000dpi)

Colors above are default color

Code matching:
1. Turn on mouse
2. Press left/middle/right button (as picture shows) at the same time to enter matching mode and at this time Logo indicator light will flash in yellow.
3. Plug receiver into computer USB port
4. Put mouse close to receiver and wait for code matching finishing. When code is matched, LOGO indicator light will switch to constant color based on current DPI value.
