

Introducing Bolt.

Bolt is a high performance laundry detergent safe to use on cottons, synthetics, whites and brights. This liquid solution has been created by Cleaner Future to perform time and time again through the spin cycle — warm or cold. Put Bolt in the machine for a better clean.

Key Benefits

- Highly concentrated
- Leaves clothes smelling fresh and clean
- High foaming
- Performs well in all water conditions

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

bolt is suitable for use in all water temperatures.
Usage: 3-5 ml/1 kg load.

PRODUCT	CODE
5L	BOLT-753 5L
2 x 5L	BOLT-753 5L2
4 x 5L	BOLT-753 5L4
