

## Introducing Brighter.

Brighter is a multipurpose powder containing an oxygen bleach for destaining. Brighter also contains water softening agents, alkaline builders, non-ionic detergents.

## Key Benefits

- Australian made and owned
- Colour-safe oxygen bleach
- Much safer to use than chlorine bleach
- Contains a blend of three enzymes for removal of protein and starch
- Detergents, enzymes and oxygen bleach; work together to remove a wide range of stains
- High concentrate for maximum economy
- Contains 5% available oxygen

PRODUCT	CODE
10KG	BRIGHTER 10KG

## Technical Data

Form: Crystalline Solid  
Colour: White  
Fragrance: No added fragrance

## Directions of Use

In the kitchen: Use about 1% strength (2 teaspoons per litre) for destaining. Soak items for 1 hour then rinse.

In the laundry: Add 1 to 2 teaspoons to a domestic machine, add ¼ cup per 25kg in a commercial machine.

For nappy soaking: Use an 1/8 cup in a 10lt bucket with up to 5 nappies, or ¼ cup in 20lt bucket with up to 10 nappies

BRIGHTER works best in warm to hot water. Do not use on wool or silk.

## Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.
