

Case Liquid Hand Sanitiser.

Product Data Sheet

Product Code: CASET-302

Date: 3/11/2022

Introducing Liquid Hand Sanitiser

Case is an anti-bacterial liquid hand sanitiser that kills germs without the need for water. This highly concentrated sanitising agent has been created by Cleaner Future to effectively disinfect hands and various surfaces, helping prevent the spread of germs and bacteria.

Key Benefits

- Kills 99.9% of germs
- Pleasant smell
- Fast acting
- No greasy residue
- 70% V/V Ethyl Alcohol
- Glycerol

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

Apply liberally to hands. Rub through fingers, palms and back of hands.
