

## Introducing Dash.

Cleaner Future's Dash Gel Hand Sanitiser is an anti-bacterial sanitiser that kills germs without the need for water. Dash is a highly concentrated sanitising agent for hands and various surfaces that need disinfecting.

## Key Benefits

- Australian made and owned
- Kills 99.9% of germs
- Pleasant smell
- Fast acting
- No greasy residue
- 70% V/V Ethyl Alcohol
- Glycerol

## Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

## Directions of Use

Place enough Dash in your palm to thoroughly wet hands, then rub together briskly until dry. Recommended for repeated use. Supervise children in the use of this product. Discontinue use if skin irritation or rash occurs.
