

Introducing Glaze.

Glaze is a spray on, wipe off glass and stainless steel cleaner used to remove stains, grease, water, and finger-marks. This spray on solution has been created by Cleaner Future to leave less streaks and then leave a protective coating to prevent surface deterioration and harmful abrasives. Glaze on, Glaze off.

Key Benefits

- Attacks dirt fast
- Evaporates quickly, so less wiping is required
- Non-streaking
- Not classified as dangerous goods

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

PRODUCT	CODE
5L	GLAZE-607 5L
2 x 5L	GLAZE-607 5L2
4 x 5L	GLAZE-607 5L4
15L	GLAZE-607 15L

Technical Data

Form: Liquid

Colour: Blue

Fragrance: Characteristic
