

Introducing Hurry.

HURRY is a unique dishwashing drying agent tailored for use in demanding hard water conditions, designed to complement ZIP in automatic warewashers. This concentrated solution, expertly formulated by Cleaner Future, is your perfect solution for eradicating any detergent remnants and ensuring a remarkably swift drying process. Choose HURRY for a rapid rinse and quick, efficient drying.

Key Benefits

Hard Water Performance: HURRY is specially designed to excel in hard water conditions, ensuring consistent and effective drying even in challenging environments.

Enhanced Detergent Removal: This drying agent, created by Cleaner Future, is your ally in completely removing any lingering detergent residues, leaving your dishes spotless and free from detergent film.

Superfast Drying: HURRY lives up to its name by delivering a superfast drying process, saving you time and ensuring your dishes are ready for use in no time.

Complementary to ZIP: HURRY works seamlessly in conjunction with ZIP in automatic warewashers, providing a comprehensive dishwashing solution for superior results.

Efficiency and Convenience: With HURRY, you can count on a quick and efficient drying experience, streamlining your dishwashing process and making it more convenient.

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

Hurry, is used in conjunction with Cleaner Futures auto feed Hygiene Pro Plus system.

Ensure the blue tube is inserted into the drum.
