Technical Data

Form: Liquid
Colour: Clear
Fragrance: Scented

Key Benefits

- Deodorises and as it eliminates odours
- Providing a long lasting fresh smell
- Suited for multiple industries including Automotive, Hotel & accommodation

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.
