

## Introducing Scoot.

Scoot is a high performance dishwashing powder used for machine dishwashers. This highly alkaline, chlorinated solution, has been created by Cleaner Future to effectively fight stubborn and baked on stains – leaving crockery and cutlery sparkling clean and streak-free. And that's exactly what Scoot will do.

## Key Benefits

- Australian Made
- High Performance dishwashing powder
- Highly alkaline, chlorinated solution for removal of built-up stains
- Leaves crockery and cutlery sparkling clean and streak free
- Biodegradable

Cleaner Future maintains Safety Data Sheets (SDS) on all of its products. These sheets contain information that you may need to protect your employees and customers against health or safety hazards associated with our product. Cleaner Future recommends that you obtain a copy of the respective SDS sheet prior to using this product. The information in the Product Data Sheet is based on data we believe to be reliable. It is offered in good faith, but without guarantee, as conditions and methods of use of our product are beyond our control.

## Directions of Use

50gms for all domestic front loading machines. 50gms every 4 washes for commercial dishwashing machines.

20KG	SCOOT GD20KG

## Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

## Technical Data

Form: Crystalline Solid  
Colour: White  
Fragrance: No added fragrance
