Key Benefits

- Mild, safe and effective formula
- Great for sensitive skin
- Musk Fragrance
- Formulated with a blend of gentle skin cleansers

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

Can be used in any liquid soap dispenser. Leaves the skin smooth and clean. Produces a rich, copious lather. Rinse with water after use.
