

Introducing Ultra.

Ultra is a power punch of clean used for laundries, toilets, showers, and bathrooms. This highly concentrated bleach created by Cleaner Future is 1-2 times stronger than domestic bleaches, leaving surfaces and ceramics whiter and brighter, then sterilised and deodorised. Ultra is just that, when only Ultra will do.

Key Benefits

- Used for laundries, toilets, showers and bathrooms
- Highly concentrated Bleach
- Leaves surfaces and ceramics whiter and brighter
- Multiple sanitisation purposes

Sustainability

Cleaner Future aims to construct formulations that efficiently solubilize and disperse fats, oils and dirt, thereby minimizing the amount of cleaning product required to achieve a complete clean. This lightens our load on our sewer system and increases the rate and degree of biodegradation. We endeavour to use plant-based surfactants that originate from cropping. Where possible, we replace petrochemical solvents with plant-based oil seeds.

Directions of Use

For the most economical results, the product should be dispensed with an automatic feeder.
