The sharing of fresh flowers with the broader community in Maine, regardless of circumstance, makes us grateful beyond measure and we are thankful when our clients choose this service as part of their wedding flower plan. This option is offered along with our for Full Service Design only, and the cost is based on the scale of your event.

## **BULK FLOWERS**

**OFFERED FROM LATE JUNE THROUGH MID-SEPTEMBER**

If a full service design is more than you would like, we are happy to offer you the other end of the spectrum - loose flowers in bulk. This option is for Do-It-Yourselfers that are excited to get their hands a little dirty and have fun in the process!

We will provide you with a farmer's selection of the best blooms in the field.

You can choose from one of three color palettes - **neutral, soft or bright** - (\$125 per bucket), or leave it to us to choose a beautiful, farmer's choice mix for you (\$100 per bucket).

Each bulk bucket contains approximately 50-70 stems of blooms, greenery, and delicate textures which can fill 5-6 mason jar size vases, 20-30 bud vases, or create 3 small handheld bouquets.

The ordering process includes one 30-minute initial consultation, plus one follow up call to finalize your order details 3 weeks before the wedding.

This option requires you to be flexible in the varieties we choose.

Take advantage of our design team's impressive repertoire of skills and have us design all of your wedding party and wearable flowers while you take the lead in creating your reception and ceremony arrangements.

The ordering process includes one 30-minute initial consultation, plus one follow up call to finalize your order details 3 weeks before the wedding.

This offering allows you to order bridal party flowers and arrangements alike. You can specify color palette and Broadturn Farm will choose a glass vase for your arrangements.

Most La Carte items are available for pick up, and delivery is available on orders over \$2000 within 60 miles of the farm (given our availability).

We offer our same high level of customer service over the phone and via email, but this option does not allow for in-person meetings, venue visits, or rental vessels as in our Full Service Design.

A minimum order of \$500 may apply in the month of October.
