

# RENOLD CHAIN

Made by Renold, the leading global chain manufacturer, this high quality product comes in 2 ranges. Renold A&S all-purpose and Renold SD standard economy range, both available in European (BS) and ANSI standards.

# GATES BELTS

Recognising the demands of agricultural machinery, Gates has put together a specially designed Agricultural Belt Program. This comprehensive range of agricultural replacement belts covers a multitude of applications on combine harvesters and tractors. The program ensures trouble-free and long-lasting service in the most demanding working conditions of farming machinery.

We have access to the entire Gates range.
