## PRODUCT CARE

### Veneer

Use a soft and slightly dampened cloth to clean veneer furniture. Follow with a clean, dry cloth immediately for best results. To repair scratches to veneer, apply a colorless wax. Test wax on a small inconspicuous area first before applying to the rest of the wood.

#### Important things to remember:

- Do not use chemical bleaches.
- Do not use glass cleaner.
- Keep veneer away from pets as their bodily fluids may cause damage, or they may scratch finish.
- Avoid contact with acidic liquids (e.g. sodas, vinegar, acidic cleaners) to prevent damage.

### Lacquer

Use a dry, soft cloth to dust lacquer furniture. For heavily soiled furniture, use a mild mixture of soap and water—only do this sparingly. Too much soap or using soap too frequently will ultimately damage the lacquer finish.

#### Important things to remember:

- Always wipe in the direction of the grain.
- Do not use furniture polish as this may damage lacquered furniture.
- Do not use alcohol products, as this may dissolve the lacquer finish.
- Wipe up any spills immediately. Prolonged exposure to colored liquids can stain furniture.
