

DESIGNER

Marcelo Ligieri

There is no limit to what inspires me while designing. Modern design is practical and straight-forward yet flexible and organic. As furniture is an extension of oneself, I feel a responsibility to reflect the modern image in all its glory.

PRODUCT CARE

Brazilian leather

Clean dirt or stains on genuine leather with a clean cloth that has been lightly dampened with leather cleaning solution. Follow with a dry, soft cloth for best results. In order to maintain and upkeep leather make sure every 60 days to apply leather protector. This process helps keeps the moisture in the leather.

Important things to remember:

- Leather will crease, wrinkle, and stretch with regular use. This is normal for all leather products.
- Protect your leather by covering your windows with blinds and curtains as sunlight can cause discoloration.

Veneer Wood

Use a soft and slightly dampened cloth to clean veneer furniture. Follow with a clean, dry cloth immediately for best results. To repair scratches to veneer, apply a colorless wax. Test wax on a small inconspicuous area first before applying to the rest of the wood.

Important things to remember:

- Do not use chemical bleaches.
- Do not use glass cleaner.
- Keep veneer away from pets as their bodily fluids may cause damage, or they may scratch finish.
- Avoid contact with acidic liquids (e.g. sodas, vinegar, acidic cleaners) to prevent damage.
