## PRODUCT CARE

### Velvet

- If the garment has a stain, gently brush the velvet around the area of the stain with a soft clothes brush or lint free cloth to try and remove it.
- If the stain is still visible, mix some washing-up liquid with warm water and whisk until it forms a good amount of suds.

### Stainless Steel

To remove surface stains, use Stainless Steel cleaner or glass cleaner with no ammonia. Wipe the stainless-steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely.

Important things to remember:

- Always use a soft, dry cloth to finish and dry Stainless Steel
- Clean stainless-steel at least once every 60 days.
- Keep the bases of chrome polish/finished products away from pets as their bodily fluids may cause damage.
