### AVAILABLE IN:

White Lacquer|Stainless Steel

## PRODUCT CARE

### Eco-leather

Clean and dust eco-leather with a soft, clean cloth. You may use mild soap and water, followed by a new cloth to dry for standard eco-leather care.

Important things to remember:

- Do not use harsh detergents to clean eco-leather.
- Avoid using drying products like alcohol, or concentrated detergents.
- Eco-leather, like traditional leather will naturally crease, wrinkle and stretch with regular use.
- Prevent sun damage and discoloration by making use of your window curtains or blinds.

### Stainless Steel

To remove surface stains, use Stainless Steel cleaner or glass cleaner with no ammonia. Wipe the stainless-steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely.

Important things to remember:

- Always use a soft, dry cloth to finish and dry Stainless Steel
- Clean stainless-steel at least once every 60 days.
- Keep the bases of Stainless Steel polish/finished products away from pets as their bodily fluids may cause damage.
