AVAILABLE IN:

Gold|Stainless Steel

PRODUCT CARE

Stainless steel

To remove surface stains, use stainless steel cleaner or glass cleaner with no ammonia. Wipe the stainless-steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely. Important things to remember:

- Always use a soft, dry cloth to finish and dry stainless steel
- Clean stainless-steel at least once every 60 days.

Keep the bases of chrome polish/finished products away from pets as their bodily fluids may cause damage.
