PRODUCT CARE

Stainless steel

To remove surface stains, use stainless steel cleaner or glass cleaner with no ammonia. Wipe the Stainless-Steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely. Important things to remember:

- Always use a soft, dry cloth to finish and dry stainless steel
- Clean Stainless-Steel at least once every 60 days.
- Keep the bases of chrome polish/finished products away from pets as their bodily fluids may cause damage

Rustic Wood

Clean rustic wood regularly with a dry, soft cloth. Dust with either a dry cloth, or a lightly moistened cloth. Important things to remember:

- Do not use ammonia-based products to clean rustic wood.
- Polish once every 3-6 months for best results
- Prevent discoloration from sunlight by occasionally closing the blinds and curtains of your windows.
