## PRODUCT CARE

### Lacquer

Use a dry, soft cloth to dust lacquer furniture. For heavily soiled furniture, use a mild mixture of soap and water—only do this sparingly. Too much soap or using soap too frequently will ultimately damage the lacquer finish. Important things to remember:

- Always wipe in the direction of the grain.
- Do not use furniture polish as this may damage lacquered furniture.
- Do not use alcohol products, as this may dissolve the lacquer finish.
- Wipe up any spills immediately. Prolonged exposure to colored liquids can stain furniture.

### Stainless Steel

To remove surface stains, use stainless steel cleaner or glass cleaner with no ammonia. Wipe the stainless-steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely. Important things to remember:

- Always use a soft, dry cloth to finish and dry stainless steel
- Clean stainless-steel at least once every 60 days.
- Keep the bases of chrome polish/finished products away from pets as their bodily fluids may cause damage
