PRODUCT CARE

Marble

Marble is exceptionally durable and easy to clean. Use mild soap along with warm or even hot water for regular marble care and maintenance.

Important things to remember:

- Marble can be cleaned with most detergents and cleaners including ammonia, nail polish remover, and solvent (nitro thinner).

Stainless Steel

To remove surface stains, use stainless steel cleaner or glass cleaner with no ammonia. Wipe the stainless-steel surface clean with a cloth dampened with the solution then use a clean cloth to dry the surface completely.

Important things to remember:

- Always use a soft, dry cloth to finish and dry stainless steel
- Clean stainless-steel at least once every 60 days.
- Keep the bases of chrome polish/finished products away from pets as their bodily fluids may cause damage.
