ASSEMBLY TUTORIAL

Moon Doll Stroller

Thank you for purchasing
a handmade toy!

Assembly time
30-40 min

Difficulty level
Basic

Please make sure you have the
following pieces:

- 4 short rods
- 2 long rods
- 2 sideboards
- 4 wheels
- 4 flat washers
- Screws and wooden caps

You will need an electric or manual screwdriver.

IMPORTANT

Before starting

- Remove all wrapping material before you start to assemble. Sorting your pieces will make assembly easier.
- Do not tighten all screws until completely assembled and
- Make sure to screw the pieces at a low speed to avoid them from cracking.

1

Start with one side board, inserting the 4 short rods in their corresponding slots, you may sit the rods on the floor and use a toothpick or alike tool to align the holes and prevent wood damage.

2

Once you verify that the rod is aligned, proceed to insert and fasten the screws on that side.

3

Flip the side board and place the second one on top, making sure the rods are properly inserted in their corresponding slots.

4

You may apply downward pressure to ensure all rods are fully inserted into the sideboard.

5

Fasten the rods with the screws on this side.

6

Take one long rod and apply a small amount of wood glue to the threaded end, and screw in the first wheel.

7

The rods' end and the wheels must be flush.

8

Insert a flat washer into the rod and slip the rod through one of the holes at the bottom of the sideboard.

9

Insert the second flat washer and apply a small amount of wood glue to the threaded end of the rod.

10

Screw in the wheel, remember that the end of the rod and the wheel must be flush.

*** Repeat the same process for the second long rod and its wheels.**
