YOUR FAVORITE  
VACATION SPOT CAN BE AS CLOSE AS HOME

**Modern Residence**

This project features an array of Terra Summer's diverse solutions; from our Dura Louvered Pergola to our Dura Motorized Screen Systems, turning this backyard into an outdoor retreat to enjoy with family and friends.

A LUXURY GETAWAY  
CAN BE AS CLOSE AS YOUR OWN BACKYARD

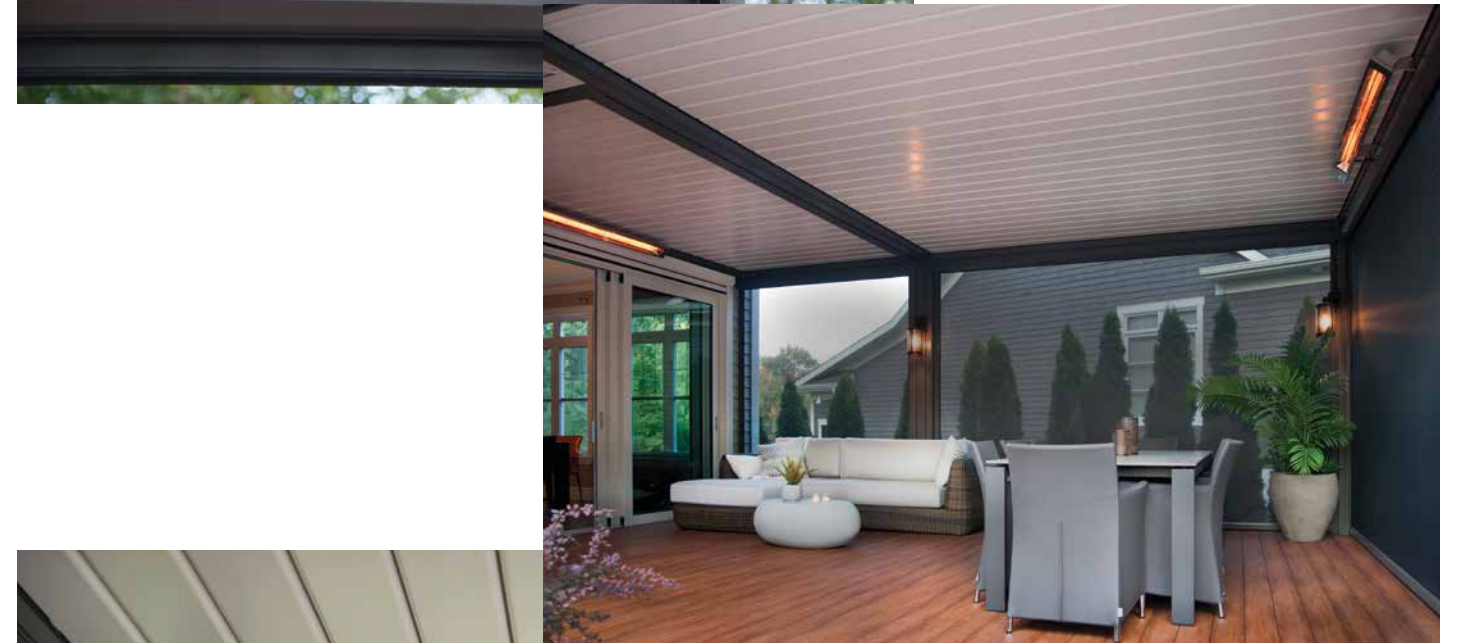

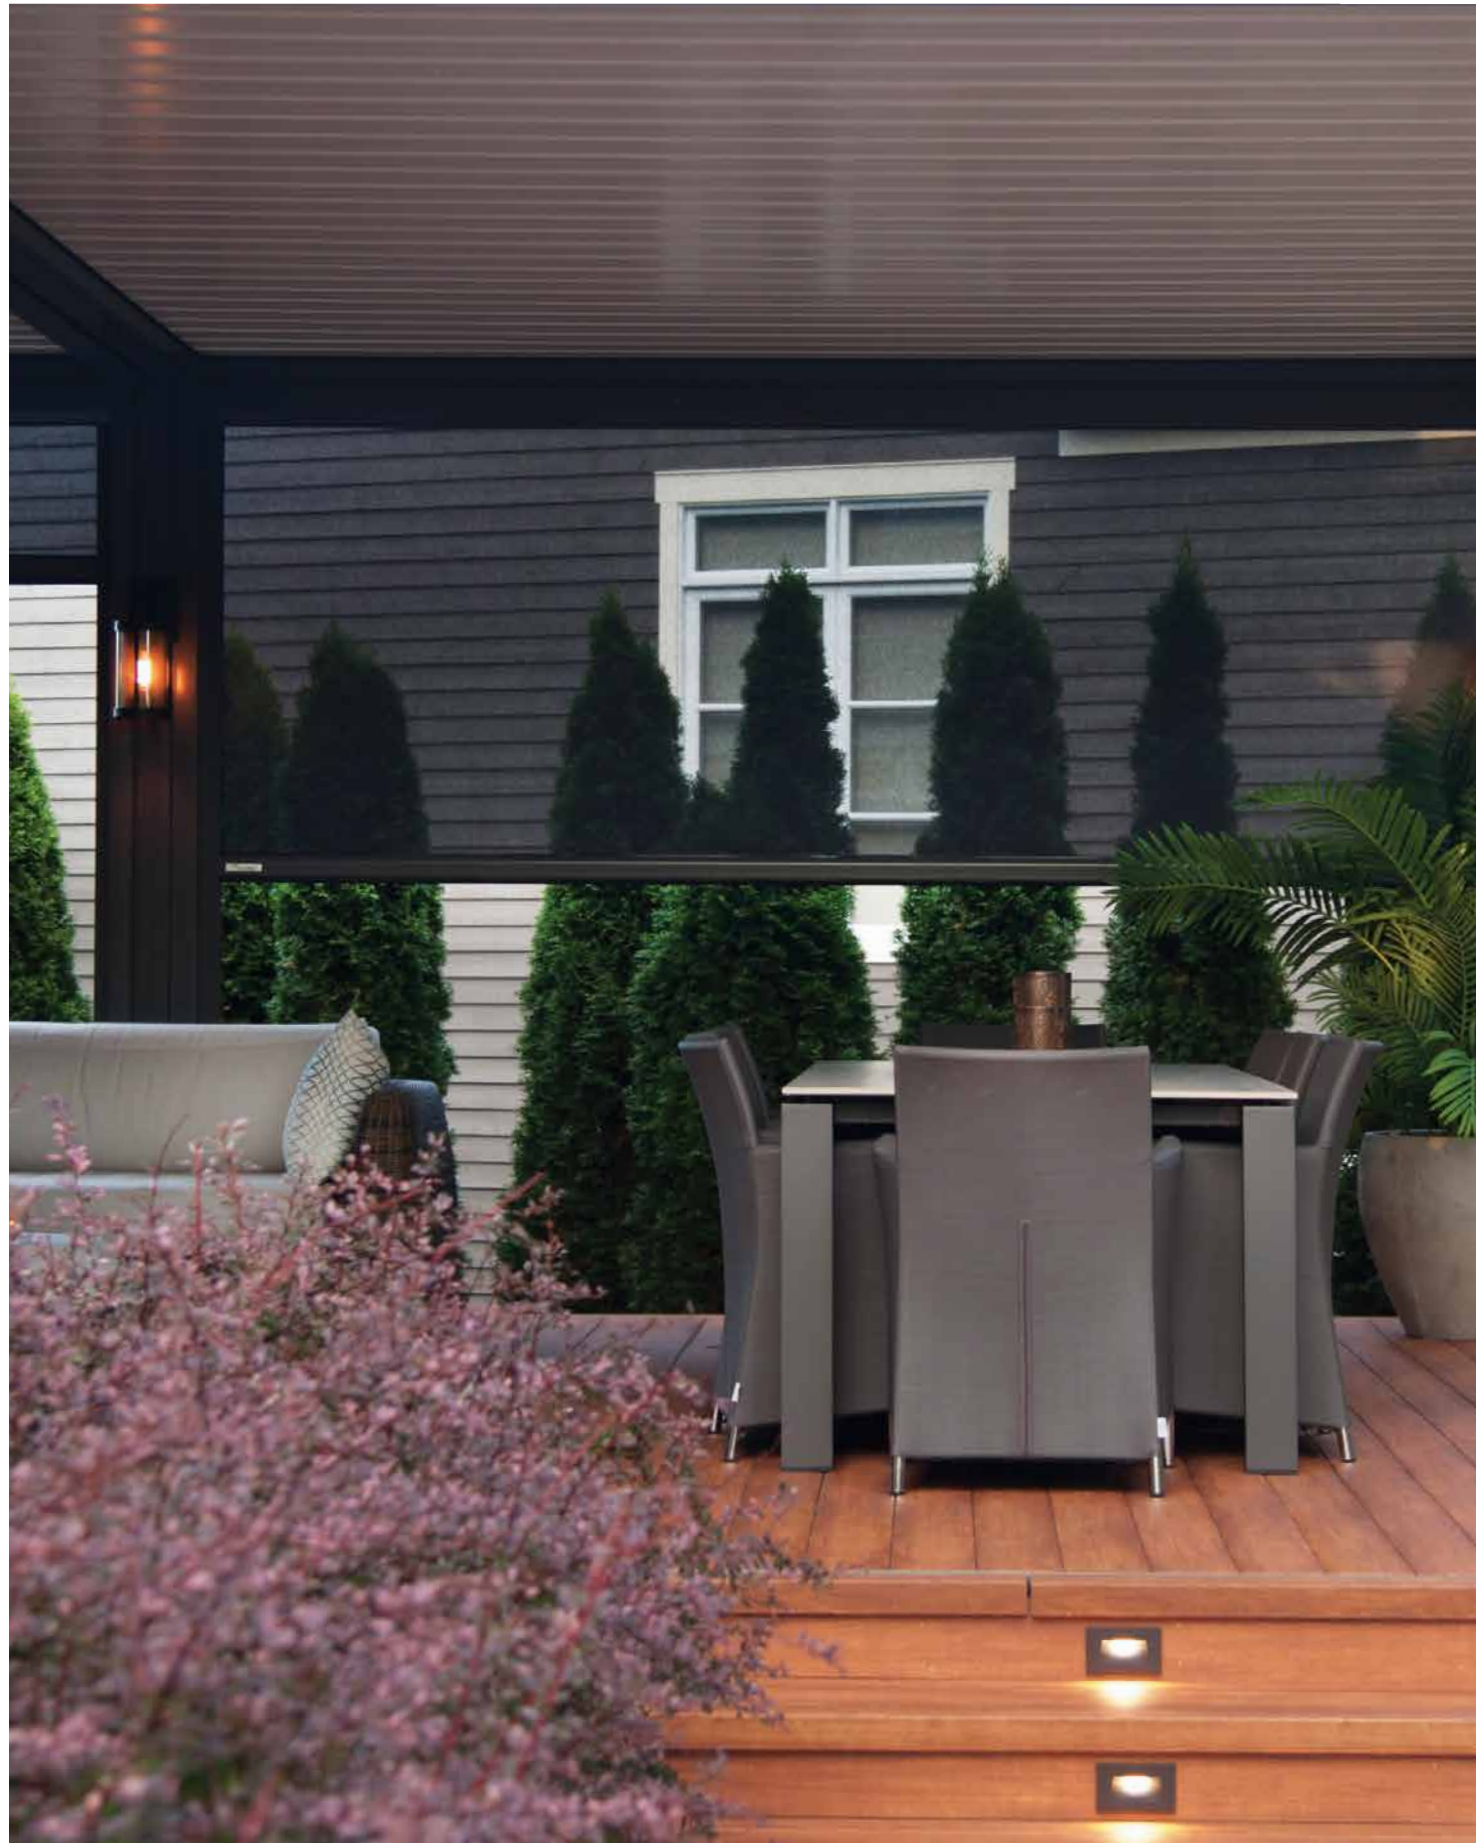

**Custom Backyard Retreat**

The Dura Classic Louvered Pergola shown in this project, provides privacy and shelter from the elements, while its adjustable function allows guests to shift from partial to full coverage at the touch of a button.

With modern slim designs,  
Infratech heaters virtually disappear  
into the surroundings.

The louvered blades offer ventilation on warmer days and insulation in cool weather. Because the blades provide an interlocking fit, they ensure a complete protection against sun, rain and wind.

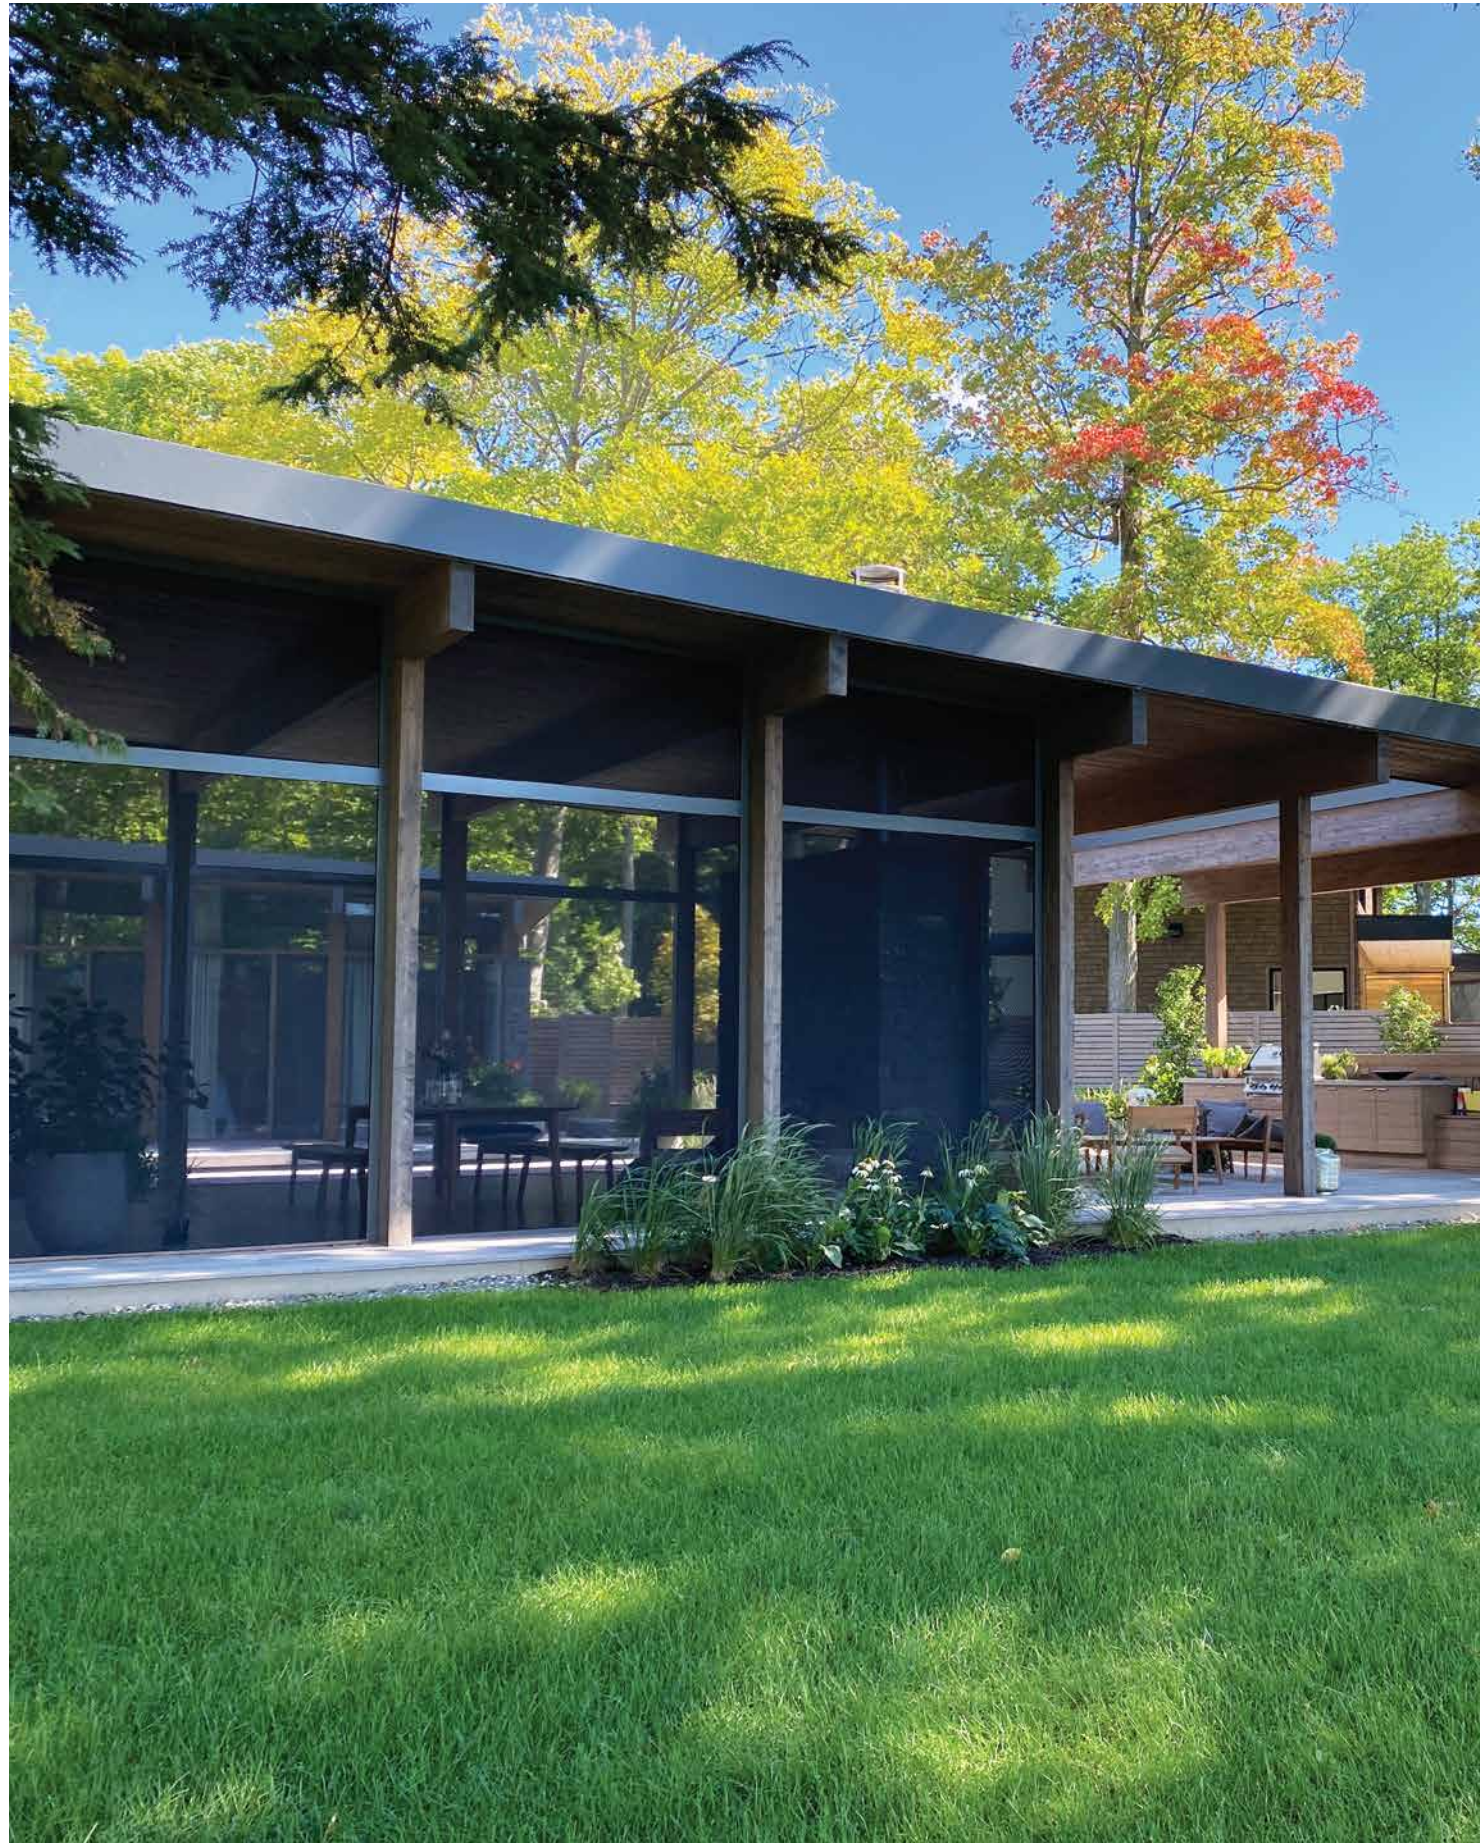

## A SUMMER LIVING SPACE THAT BRINGS THE INDOORS - OUTDOORS

### Permanent Protection

This magnificent and spacious lakeside residence was fitted with fixed screens to permanently protect its guests from insects all the while keeping the feeling of being outdoors.

**Functional Luxury**

The Dura XL motorized screens perfectly blend into its surroundings and protect its guests from the weather at the touch of a button.

## A RIVERSIDE OASIS OFFERING A SPECTACULAR VIEW

### All About The View

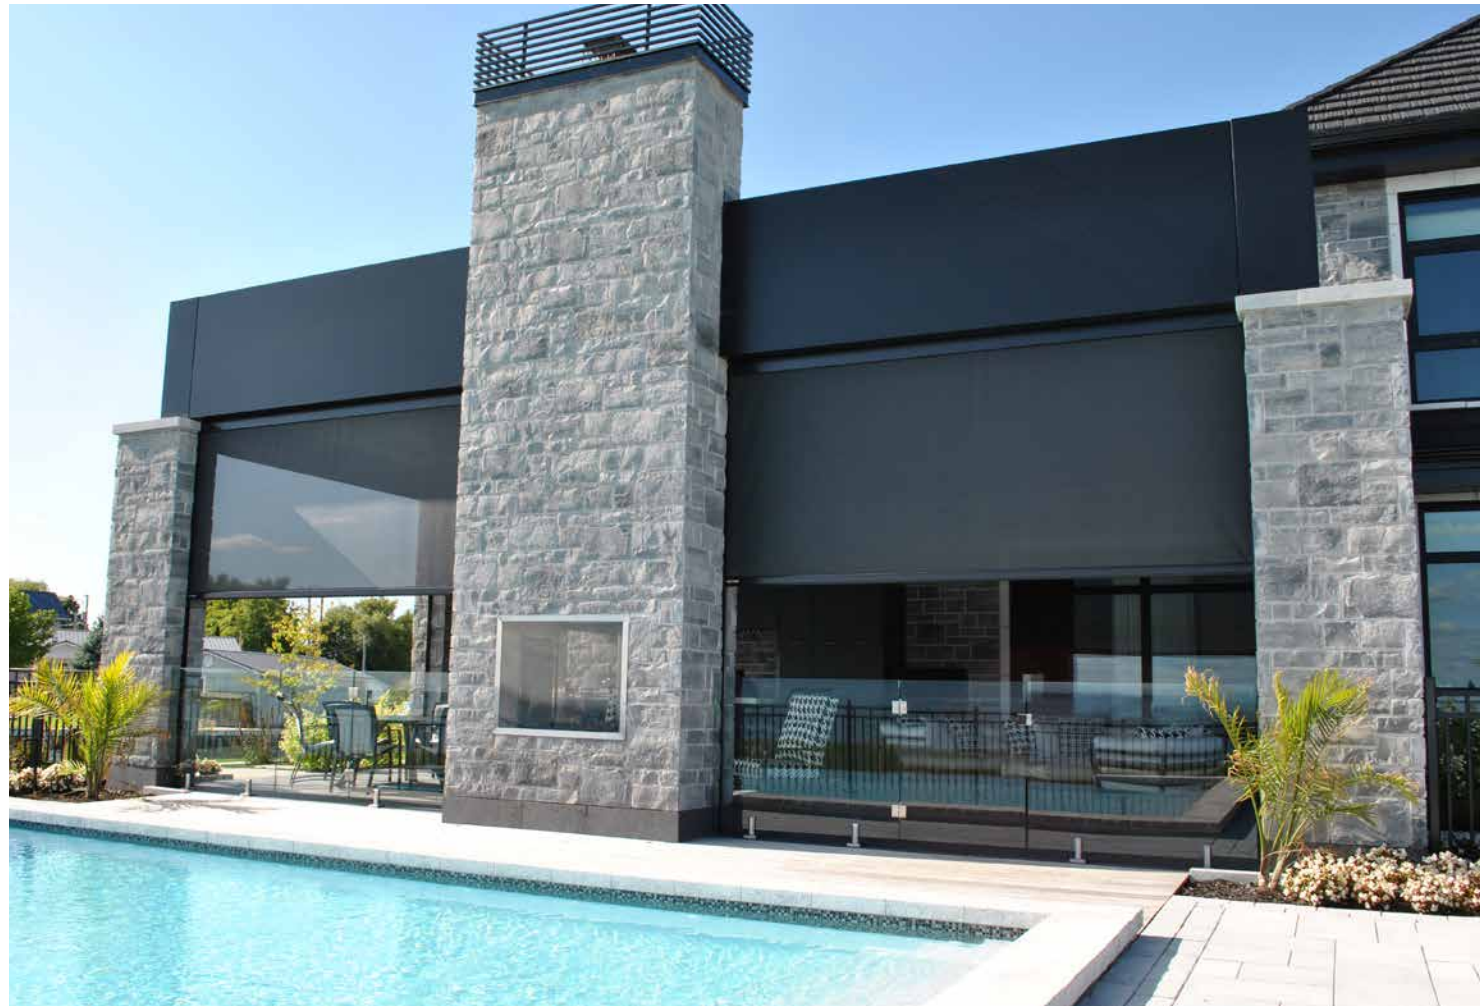

With a view like this, one wants to see it ALL without anything getting in the way. Dura XL Louvered Pergola makes functionality, elegance, size and outdoor living, come together in a big way.

The Dura XL not only gives you year-round control over the elements but more importantly, adds undisputed value to any outdoor living space with up to 291 square feet and it's impressive 10 foot ceiling.

# LIVING OUTDOORS IN ELEGANCE WHILE WEATHERING THE ELEMENTS

## Contemporary Residence

The goal of this poolside project was to extend the livable space of the home, creating an outdoor sanctuary offering shade as well as protection from the elements.

The structure was enhanced with high-density motorized screens that allow guests to enjoy a spa-like atmosphere in virtually any weather.
